Farm to Altar Table Workshop

This workshop makes the connection between the bread on the altar table to what arises from the soil; linking farmers, farm practices and food-production practices to the communion bread we eat. We'll explore impacts such as landrace and modern wheats, the impact of farming conventional wheat on the environment, and we'll discuss why Jesus asked us to remember him by sharing bread and what that means for our lives.

Join the Food & Faith Collaborative at the Dominican Center at Marywood (2025 Fulton St E) on Sunday, Sept. 24th from 2-3:30pm. Donations are welcome but not required.
